MEMORANDUM FOR: Assistant Director, Current Intelligence
SUBJECT : Preliminary Comment on Mission 3238,
Flown on 10 November 1963

1. This mission covered areas of the Sino-Burma border and the NEFA area of the Sino-Indian border. Although a considerable area was photographed no significant new intelligence was disclosed. The available evidence indicates no unusual Chinese Communist military activity. Although this is not conclusive, it supports our estimate that the Chinese are not planning any new military ventures against India at the present time.
